

PRESS RELEASE

**SACYR FACILITIES WILL CARRY OUT THE CLEANING OF
TERMINALS 1 AND 2 OF BARCELONA AIRPORT
FOR 70 MILLION EUROS**

- **El Prat Airport serves almost 50 million passengers every year**

Barcelona, June 27, 2019.- Sacyr Facilities has been awarded the cleaning service for terminals 1 and 2 of the Josep Tarradellas Barcelona-El Prat Airport for a total amount of 70 million euros over three years.

The services that Sacyr Facilities will carry out are the cleaning of both airport terminals, the passenger toilets, the airport offices and the disinfection, disinfestation and rat extermination services.

This contract includes the cleaning of an approximate total area of 300,000 m² through which almost 50 million passengers travel every year, which makes it the second airport for passenger traffic in Spain.

Sacyr Facilities is the group company integrated into Sacyr Services which is specialized in operation and comprehensive property maintenance services. Among other things, it has extensive experience in cleaning airports such as T1, T2 and T3 at Madrid-Barajas, as well as other transport infrastructures such as the Madrid's and Santiago de Chile's subways. Sacyr's Facilities subsidiary reaches a backlog of 1,500 million euros in Spain, Chile and Mexico and has a workforce of over 18,000 people.
