PRESS RELEASE

SACYR CLOSES FINANCING OF BUIN PAINE HOSPITAL (CHILE) FOR US\$144 MILLION

- **The operation was subscribed in its entirety with Banco Estado de Chile, which reinforces the trust in Sacyr and constitutes a recognition of the company's experience in the country.**
- **This contract involves the construction, operation, and maintenance of a new 56,000 m² facility that will benefit more than 170,000 people in the south of the Metropolitan Region.**

Santiago de Chile, September 21, 2022.- Sacyr Concesiones has successfully closed the US\$ 144 million financing for the Buin – Paine Hospital P3 contract, which will benefit a population of more than 170,000 people in the southern area of the Metropolitan Region in Chile.

The operation was subscribed in its entirety with Banco Estado de Chile, which reinforces the trust put in Sacyr and represents a recognition to the company's experience in Chile and the positive evolution of the Group's business.

This contract involves the construction and operation and maintenance of a new 56,000 m² space and 200 beds, in addition to the procurement, replacement, and maintenance of medical equipment and furniture.

2021-2025 Strategic Plan

The project consists of six wards, 34 exam rooms, 17 minor procedure rooms, three comprehensive delivery rooms, 16 Emergency Service units, 18 dialysis chairs and seven dental care exam rooms.

This contract award is part of Sacyr's 2021-2025 Strategic Plan, which has a strong focus on P3 projects and its home markets, as is the case of Chile. In addition, this medium-high complexity Hospital is a sustainable project with high social value.

PRESS RELEASE

Sacyr Concesiones

Sacyr's presence in Chile dates back more than 25 years to 1996, when the first contract to build and operate the Los Vilos-La Serena highway was awarded, when the P3 system was first implemented. Since then, Sacyr Concesiones has invested more than US\$ 7 billion in various P3 projects, where it operates two airports, two hospitals and 9 P3 road projects totaling more than 2,000 km of roads.

Since 2020, Sacyr Concesiones Agua operates five integrated water cycle management companies in the Antofagasta and Metropolitan regions, supplying more than 150,000 people.

Sacyr has extensive experience in hospital projects with more than 60 hospitals and health centers built or renovated in seven different countries, totaling 14,000 beds. Sacyr Concesiones manages eight P3 hospitals that provide healthcare to more than 3 million people in Spain, Portugal, Mexico, and Chile.
