

PRESS RELEASE

SACYR RANKS AMONG MOST SUSTAINABLE COMPANIES IN THE INDUSTRY, ACCORDING TO S&P AND SUSTAINALYTICS

- **Sacyr improves its S&P score by demonstrating progress across all three assessed dimensions: governance and economic, environmental, and social, once again securing its inclusion in the 2026 Sustainability Yearbook.**

Madrid, February 19, 2026.- Sacyr has been **recognized as one of the most sustainable companies in the Construction and Engineering industry**, according to evaluations conducted by the prestigious S&P agency and Sustainalytics.

For the fifth consecutive year, the infrastructure concessionaire has been included in **S&P's 2026 Sustainability Yearbook**. This internationally acclaimed publication highlights **companies that excel in environmental, social, and governance (ESG) performance**.

To qualify for the Sustainability Yearbook, **companies must rank within the top 15% of their sector's scoring** and maintain a score within 30% of the category leader.

In this edition, which reflects 2025 data, Sacyr achieved a score of 76 out of 100 in the **Corporate Sustainability Assessment (CSA)** questionnaire. This marks a two-point increase from 2024 and a 25% improvement since its initial assessment in 2021.

PRESS RELEASE

Sustainalytics designates Sacyr an ESG Leader

Adding to this significant recognition, Sacyr has also been named a **“2026 ESG Leader”** by **Sustainalytics**, based on its strong performance in their ESG Risk Rating

This distinction is awarded to organizations that not only effectively manage ESG risks but also actively **contribute to creating a positive and sustainable impact within their operating environment**.

Sacyr Sustainable Roadmap 2024-2027

These achievements underscore Sacyr's commitment and the robustness of its **Sacyr Sustainable Roadmap 2024–2027** strategy. Through this roadmap, the company focuses on **four key pillars: planet, people, prosperity, and governance**.

These **pillars are further supported by three cross-cutting enablers: Culture, Innovation, and Sustainable Finance**. Concrete objectives and actions have been defined for each of these plans, all aimed at maximizing positive impact across all of the company's operations.

Furthermore, Sacyr has an **innovative Sustainable Finance Framework** that encompasses all possible types of sustainable financing: green, social, and sustainability-linked.

The company continues **its progress towards a more responsible business model by actively implementing its climate change strategy, including the validation of its zero emissions target (SBTi) by 2050**. Additionally, Sacyr is also enhancing its position as an **employer brand and maximizing its positive impact on the communities where it operates**, in line with international best practices.
