SACYR IMPROVES ITS SUSTAINABILITY RATINGS WITH S&P GLOBAL AND MSCI ESG

- **The company ranks among the most sustainable businesses in its sector worldwide, with sustainability embedded in its strategy.**

Madrid, October 27, 2026. Sacyr ranks among the most sustainable companies in its sector worldwide, according to the latest assessments by **S&P Global** and **MSCI**, which recognize the company's strong performance and its integration of sustainability into its strategy.

The company scored **77 out of 100** in **S&P Global's Corporate Sustainability Assessment (CSA)**, up one point from 2025 and 26% higher than in its first assessment in 2021.

Sacyr's **MSCI ESG** rating also improved from **A** to **AA**.

These results reflect the **progress Sacyr has made in embedding sustainability in its strategy** and its commitment to making a positive impact throughout its value chain.

Stronger sustainability performance

Sacyr's score in S&P Global's CSA places it among the **top-performing companies in its sector worldwide and recognizes its strong practices in key areas including business ethics, environmental management, innovation, and transparency.**

The upgrade to an **AA rating from MSCI** also highlights Sacyr's ability to manage its most significant environmental, social, and governance (ESG) risks and opportunities, supported by **strong governance and well-established, effective policies, procedures, and controls.**

MEDIA RELEASE

These assessments recognize the company's ability to **create sustainable, long-term value** by embedding sustainability throughout its business model. This approach strengthens its resilience and competitiveness and helps it respond to stakeholder expectations.

These results reinforce **Sacyr's commitment to transparency and continuous improvement** as it pursues sustainable growth that creates shared value for shareholders, clients, employees, partners, and society as a whole.

Sacyr Sustainable Roadmap 2024–2027

These milestones underscore Sacyr's commitment to sustainability and the strength of its **Sacyr Sustainable Roadmap 2024–2027**, which focuses on **four key pillars: planet, people, prosperity, and governance**.

These pillars are supported by **three drivers that cut across all four areas: culture, innovation, and sustainable finance**. Sacyr has set specific targets and actions for each area to maximize the positive impact of its activities.

Sacyr also has a **Sustainable Financing Framework** covering green and social financing, as well as financing linked to the achievement of sustainability targets.

The company continues to build a more responsible business by **developing its climate change strategy, maximizing its positive impact on society, and working to strengthen its position as an employer of choice**.
